Profile

I am a cybersecurity professional with over a year of dedicated bug bounty hunting experience, specializing in identifying vulnerabilities across various platforms. With a strong track record of successful bug submissions on Bugcrowd, I have extensive expertise in web and API penetration testing, continuously enhancing my skills to strengthen cybersecurity defenses.

Highlights

- Experienced Bug Bounty Hunter and Ethical Hacker with a proven record of identifying critical vulnerabilities, advanced research skills, and a strong blend of conceptual and practical cybersecurity expertise.

Work Experience

- **Bugcrowd, Remote** (Start date: 2023 - ongoing)

Designation: Bug hunter/ Researcher

Key Learnings:

- ✓ Identified and responsibly disclosed critical vulnerabilities in top-tier companies such as Dell, Cisco, Walmart, and others; expert in security flaws including Account Takeover, Cross-Site Scripting (XSS), and Authentication Bypass. Enhanced organizational security through ethical hacking, thorough vulnerability analysis, and comprehensive Web Application Penetration Testing (WAPT).
- ✓ Enhanced organizational security through ethical hacking, thorough vulnerability analysis, and comprehensive Web Application Penetration Testing (WAPT).
- ✓ Bugcrowd Profile: [[Link](#)]

- **Cyber Security Analyst Remote**, (June 2023 - July 2023)

Designation: Internship

Key Learnings:

- ✓ Interned at SwiftSafe Company as a Cyber Security Analyst, gaining hands-on experience in web penetration testing and API fundamentals.

SKILLS

- **Penetration Testing Tools:** Burp Suite, Kali Linux, Web Recon Tools.
- **Techniques:** Red Teaming, Web Penetration Testing, API Penetration Testing,
- **Frameworks:** MITRE ATT&CK, Metasploit-Framework
- **Strong Soft Skills:** Communication, Problem-solving, Teamwork, Critical Thinking

CERTIFICATION

- PentesterLab Certificate [**Essential badge, HTTP Badge, White Badge**] [2024] [[Link](#)]
- MITRE ATT&CK Framework - Udemy [2024] [[Link](#)]
- Web Penetration Testing & Bug Bounty - Udemy [2022] [[Link](#)]

Achievement

Recognized in Hall of Fame by **Dell, Cisco, Walmart, Binance, GoPro, Comcast, Xfinity, US Defense, and Monash University** for discovering and reporting critical vulnerabilities.

Education Qualification

Qualification	University / School	Graduating Year	CGPA/Percentage
MSc Cyber Security	Amity University Rajasthan (AUR) / AIIT	2025 (Expected)	7.29 (1 st year)
Bachelor of Computer Application	Integral University Lucknow	2023	80.42%
High School (12th)	North Point HR Sec. School, Manipur	2019	57%
Secondary School (10th)	Assam Rifles School, Kakching Manipur	2017	6.8

CO-CURRICULAR ACTIVITIES/ PARTICIPATION

- Won 1st prize in the CTF (**Capture the Flag**) competition organized at Amity University in 2024 during Odyssey, an annual techno-cultural fest.
- National-level football player, demonstrating teamwork and discipline

Personal Details

Date of Birth: 14/05/2000
